

TEMPERATURE CONTROLLERS

VERTEX VT 30 RANGE - dual display

STANDARD FEATURES

- Selectable inputs (Thermocouple, RTD, or Linear signals)
- P.I.D. control
- Ramp / Soak profiles (8 segments)
- 2 alarm outputs (selectable)
- Universal supply 90...264 VAC (50/60 Hz)
- Auto / manual bumpless transfer
- Output: Relay, SSR or continuous (4...20 mA, 0...50 mV, 1...5 V, 0...10V)

ORDERING OPTIONS

- Output 2 for cooling
- PV or SV retransmission
- 4...20 mA remote set point input
- RS 485 communication
- Master / slave transmission
- Power supply: 24V

Heating and Control Solutions that exceed Industry expectations
